Tia and Rob,

Robert McKinney just ruled that specially configured devices are required. Please instruct your contractors to deliver an international loaner laptop to Peter Egeghy in RTP on or before Friday, Feb. 27.

Thanks.

Robert,

We will need this one today to have any hope if a loaner is needed. If no specially configured devices are needed, then there should be no trouble getting the order for roaming in.

Thanks.

Subject: Reminder on this one: Timing may be tight if we need to get a loaner laptop. FW: Risk ruling needed for Peter Egeghy for international travel to Lyon, France, departing 03/01/2015

This is the only one of the slew that I have sent that may need to be rushed a bit.
Thanks.

Dear Robert,

Please consider the details for this international trip and rule whether specially-configured mobile devices are required.

Thanks,

Pat Burke
